

#BC2-5V 5 Micron Dust Collector Bag Set

- For Ring Housing Size of 20"
- Fits Penn State Industries Dust Collector model #DC2, #DC2-5
- Compatible With; Grizzly #1028/29, Jet #DC1200, Trend Lines #NN820, Woodtek #805-930
- Includes: top bag and bottom bag with vu-through window.
- Requires 2 ea. steel band clamps, PSI #DBC (If not supplied with dust collector)

Maintenance: Remove the bags from dust collection unit. Then empty any dust and debris contained in the bags. Then turn bags inside out. Now shake or whisk bags with whisk or broom. If this does not clean the bags sufficiently enough then vacuum with a shop or house vacuum cleaner.

Warning: Do not wash collector bags for any reason! Doing so will void your warranty. Do not expose the vu-through bag to extreme cold (under 30°F) the plastic window may become brittle and break.
