Nicaragua and Panama.
Cocobolo is also known as
Caviuna, Nambar, Pau preto
and Funera. The oil in the
wood gives it a fain natural
polish. It is a favorite species
for the manufacture of cutlery

PADAUK
(Pterocarpus soyauxil)
This elegant orange brown hardwood tree is found primarily in central and tropical West Africa in areas extending from south-western Nigeria to

Zaire. It often grows in small groups and is common in dense equatorial rain forests. It is also known as Mbe, Mbil, Mututi, Ngula, and Bosulu The Padauk tree is quite large and grows to height of
