DIAGRAM A / PARTS LAYOUT

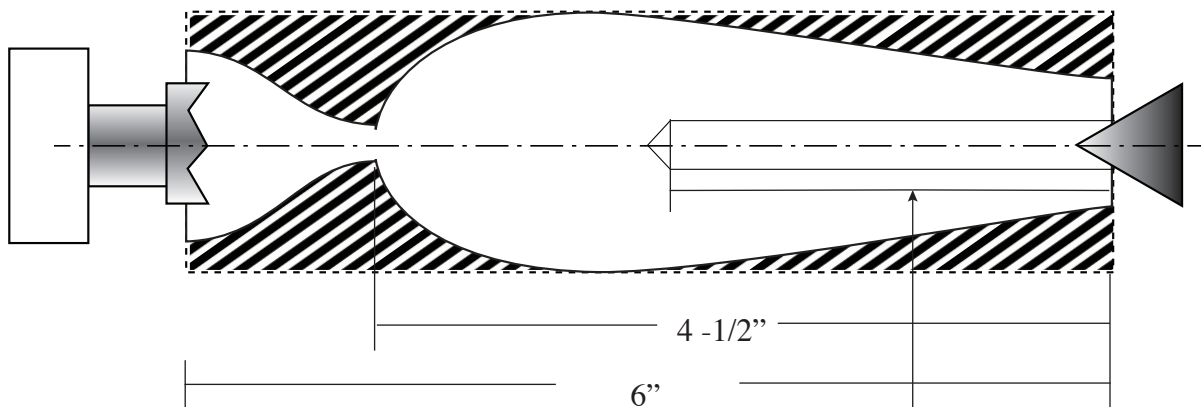

Preparing the Blank:

- Cut a blank to a min. of 1" Square x 6" Long
- Mark the center on both ends of the blank
- Drill the proper hole size to depth (See Dia.B)

Turning the handle Blank:

- Mount the blank between centers according to diagram B.
- Turn the wood to your design. Leave a small bridge between the waste and the handle.
- Sand and finish the surface.
- Part the handle and finish the parted section by hand.

DIAGRAM B / TURNING THE HANDLE BLANK
